### Additional Notes

#### Versions:

- Older Browser or Operating System (OS) versions may continue to work with FIS products.
- FIS does not support functionality on an older version that is not working correctly.

#### Updates:

- Browser or OS updates to current versions is the responsibility of FIS clients & end users.

#### Settings:

- All browsers must have cookies and JavaScript enabled to use FIS products.

#### Support:

- FIS reserves the right to adjust any supported browsers & operating systems on an as needed basis. This is determined by internal data analysis of FIS products and external technology changes as they occur.
